

County Cricket Board Improvement Planning Process 2009/10

Norfolk CCB Agreed Quantitative Targets

October 1st 2009 - September 30th 2010

Norfolk CCB agrees that, by September 30th 2010, the following quantitative targets will have been met :

Please note that the clear boxes with no shading should be completed with your projected global target and the shaded boxes should be completed with the specific women and girls target (where applicable).

For example your CCB may have 10 Focus Clubs with Club Development Plans on-line and target an additional 10. Therefore your base would be 10 and your target 20.

If 2 of the base 10 Clubs currently had a Women's and/or Girls section and of the additional targeted 10 clubs 3 had a Women's and/or Girls section then your base would be 2 and your target 5. Please note the these are not cumulative :

	Base Target	
Number of Focus Clubs to complete on line Club Development Plans	10	20
	2	5

Please use the context box to qualify and targets set, to clarify the range of activities from which the target is drawn or any supplementary notes.

	Base Target	
Number of Focus Clubs to complete on line Club Development Plans	21	21
	10	12
<i>Context : Girls: Norwich, Old Bucks, Mallards, Gt Melton, Rocklands, Sheringham, Bradfield, Swanton Morley, Swardeston, Topcroft</i>
