

# County Cricket Board Improvement Planning Process 2008/09

## Norfolk CCB Agreed Quantitative Targets

*October 1<sup>st</sup> 2008 - September 30<sup>th</sup> 2009*

Norfolk CCB agrees that, by September 30<sup>th</sup> 2009, the following quantitative targets will have been met :

Please note that the clear boxes with no shading should be completed with your projected global target and the shaded boxes should be completed with the specific women and girls target (where applicable).

For example your CCB may have 10 Focus Clubs with Club Development Plans on-line and target an additional 10. Therefore your base would be 10 and your target 20.

If 2 of the base 10 Clubs currently had a Women's and/or Girls section and of the additional targeted 10 clubs 3 had a Women's and/or Girls section then your base would be 2 and your target 5. Please note the these are not cumulative :
