

NORFOLK CRICKET BOARD
ENVIRONMENTAL POLICY

The Norfolk Cricket Board is committed to minimising any adverse impact on the environment arising from its activities and those of clubs in its area and will in particular

1. So far as is reasonably practicable
 - Conserve energy on its premises and those within its control
 - Re-use and recycle materials capable of such
 - Minimise travelling for its employees, contractors and service users
 - Minimise the use of paper.
2. Promote a culture of environmental awareness across the Board
3. Promote the environmental aspects of any ECB Strategy amongst clubs
4. Use its influence to encourage leagues and other competitions to take account of the need to minimise such adverse impacts in carrying out their activities.
